Statement radiators are hot right now (pun very much intended). So why settle for basic functional white radiators when you can opt for luxe and glamorous models to add interiors impact? Here are 7 of our favourites...

Statement radiators will amp up your home. You see, people expect the houses they visit to have basic old white horizontal models. So why not give guests a visual treat and surprise them with some beautiful pieces? We've selected 7 of the finest radiators available to buy right now. Are you ready? Then let's go, starting with...

4 This hand-crafted real wood stunner

If you like the look of wood, you'll love this hydraulic steel radiator. It has a real wood cover which lets the heat through. Hand-crafted from Italian materials, it's available in different sizes and can be installed horizontally too. We can easily see it matching our oak kitchen worktops...

Piastra Radiante Con Cover In Vero Legno in Woodstyle, £2,282.92, Viadurini.
